I'm really happy today because this week I can go back to college again after a 2,5 month holiday even still studying online or study at home and I'm also happy because can meet again Mrs. Lisa in class for a lecture. In class yesterday, I don't have a question because the explanation from the lecture is easy to understand. To make sure I can understand a task in the last meeting, I always chat or call my friends to discuss a task and read again a PowerPoint or e-book to know about the task. Feedback for me about the last meeting is very good, Mrs.Lisa has to tell anything about PLO, CLO, rules and anything about English II.
